

It's All About Yield ...

It's no secret that **yield** is the **#1 Hot Topic** in meat and poultry processing today. Higher feed prices and other input costs make it more essential than ever to maximize product yields for bigger plant profits.

We'll work with you to increase your yields and improve your return on investment. Here's how!

Whizard® Trimmers –

- Higher yields
- Better-quality finished product

AirShirz® Scissors –

- Cleaner cuts ... faster processing
- Less worker fatigue

DuraWeigh® Scale Systems –

- Washdown-tough design
- Precision accuracy

Yield Specialists –

The support you receive from our technical consultants is unmatched in the industry.

- We visit you in your own plant
- We offer insights and answers
- We train your people
- Consultation is free of charge

AccuFill™ Bulkers and Baggers –

- Reduced product “giveaway”
- Flexible configurations

YieldPlus™ Systems –

- Improved yields
- Precise performance tracking

Here's the bottom line:

We deliver it all for you – higher yields, increased ROI, and bigger profits for your plant.
