

Petrochemical Lifecycle Solutions

Dixon's new Petrochemical Lifecycle Package offers a uniquely wide range of products and solutions for distributors, including:

- King crimp system
- Frack fittings
- Rotary fittings
- Hammer unions
- VEP Series quick couplings

Dixon's **Innovation Center** underscores our commitment to support our distributors in this and many other industry segments.

“DIXON’S NEW

INNOVATION CENTER

HELPS ME OFFER BETTER SOLUTIONS TO MY CUSTOMERS’ CHALLENGES.”

We're pleased to announce the opening of Dixon's **Innovation Center**.

It's the industry's newest product research and testing resource, featuring technologically advanced equipment, dedicated R&D engineering staff, and interactive training facilities.

Bring us your challenges. Let's work side by side to develop the new generation of products and solutions for the process industries. **Dixon: *The Right Connection* for innovation.**
