

Your vented packaging is safe with us.

If you're facing the challenge of leaking, bloating or paneling containers, **choose the venting solutions that are proven to work without fail: GORE® Packaging Vents.**

For over 25 years, we've delivered superior technology and solutions that give consumer household products companies, agrochemicals and chemical firms the peace of mind of knowing that their packaging is properly vented for optimal performance.

Our technical experts will work with you to:

- Troubleshoot existing packaging vent concerns
- Recommend venting solutions for new product designs
- Develop a unique venting solution that integrates easily – saving you money while protecting your brand reputation

Go ahead: Bring us your toughest packaging vent challenges. Together, we'll solve them once and for all. Visit www.gore.com/safe for details or call **800-637-4449**.
